22nd March 2022

Dear Parents and Carers,

Thank you to those of you who were able to attend either or both of the meetings that we held on Thursday evening at the school and online to discuss the governors' decision that Holland Park School should join a multi-academy trust (MAT) and that United Learning is our preferred MAT destination. There was a very good turnout. An engaged parent body means that parents care about their child's school and education, and that is something I fully support.

We have recorded all questions and discussion points, and we will circulate this with the associated papers to our process and a summary of these will be included with the papers for our stakeholder engagement process.

It is in the context of the comments we have received, including outside the meetings for instance via email, that we are now developing the framework for seeking and receiving views. This document will also include the various ways in which all members of the school community are able to have their say further, with key dates and activities.

This framework will be ready to send to you next week (week commencing 28th March). In the meantime, please continue to correspond to the Chair's inbox with any further feedback.

Yours faithfully,

Jane Farrell
Chair of Governors
